## ENTERTAINING AREA

**Redux Fawn**, luxury solid board Composite Decking, used to create a large entertainment area for a residential property in Cheshire. Chosen for its bona fide timber aesthetic, Redux gives a natural, ultra-realistic timber look without the maintenance. This outdoor space is ready to be furnished and enjoyed.

# Luxury solid board Composite Decking with an ultra-realistic, enhanced woodgrain.

The result of many years of research and development to create a deck board that truly replicates natural timber, Redux™ has been cast from aged American Red Oak timbers and is hand finished in six naturally aesthetic colourways.

Redux™ is produced using over 50 metres of unique woodgrain which provides an ultra realistic timber appearance, this results in over 20 Redux™ board variations.

#### FACE FIXING SCREW TECHNOLOGY

Redux is installed directly through the face of the board using no clips.

#### END GRAIN & SIDE GRAIN

Cast on 5 sides, displaying authentic grains on the top, side & end surfaces.

#### 20 UNIQUE BOARDS

Over 50 metres of unique woodgrain provides a non-repetitive finish.

#### ULTRA SLIP RESISTANT

Deep, enhanced woodgrain provides advanced slip resistance.

#### DEEP WOODGRAIN

Redux has a deep, enhanced woodgrain with an ultra-realistic appearance.

#### ZERO TIMBER CONTENT

Contains no timber, meaning Redux is highly resistant to moisture.
