Powered by **TimberTech**[®]

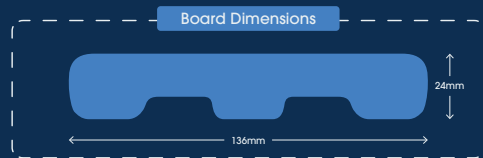

The **natural** beauty of timber, the effortless **durability** of composite.

Made in the USA from high-performance polymers and reclaimed wood fibers, Boardwalk offers three sophisticated colours that will transform your outdoor space. With four-sided protective polymer capping, our boards are resistant to UV rays, moisture damage, fading and staining, with a 30 year warranty for guaranteed peace of mind.

Protective Polymer Capping for ultimate durability.

Boardwalk benefits from a 360° polymer capping, giving it the ultimate protection against moisture damage and UV rays. Leaving you free to enjoy a richly hued, unblemished deck for decades.

Dark Oak

Natural White Oak

Weathered Oak

Why choose **Boardwalk**?

Limited Lifetime Warranty

Your investment is protected with a 30 year limited lifetime warranty.

High Durability

Boardwalk decking is designed to last, it won't crack, cup or peel.

Fully Capped Board

Boardwalk is protected by a 360° polymer capping, offering superior moisture resistance.

Low Gloss Matte Finish

A sophisticated low gloss matte finish further enhances the subtle grain pattern.

85% Recycled Material

Boardwalk contains 85% recycled materials, including plastic bags and reclaimed wood.

Ultra-Realistic Natural Colours

Unmatched realism is achieved by recreating the natural colour variations of each woodgrain.
