DECKING EVOLVED

Luxury solid board
Composite Decking
with an ultra-realistic
woodgrain.

Luxury solid board Composite Decking with an ultra-realistic, enhanced woodgrain.

The result of many years of research and development to create a deck board that **truly replicates natural timber**, Redux™ has been cast from **aged American Red Oak timbers** and is hand finished in six naturally aesthetic colourways.

Redux™ is produced using **over 50 metres of unique woodgrain which provides an ultra realistic timber appearance**, this results in over 20 Redux™ board variations.

- END GRAINS & SIDE GRAINS**
Cast on 5 sides displaying authentic grains on the top, side & end surfaces
- FACE FIXING SCREW TECHNOLOGY**
Redux™ is installed directly through the face of the board using no clips
- 20 UNIQUE BOARDS**
Over 50 metres of unique woodgrain provides an ultra realistic appearance

- HIGH SLIP RESISTANCE**
Deep enhanced woodgrain provides advanced slip resistance
- HAND FINISHED**
The colouration of each Redux™ deck board is finished by hand
- SOFT TOUCH FINISH**
The surface of Redux™ is soft to the touch giving it a luxurious feel
- MOISTURE RESISTANT**
Contains no timber meaning Redux™ is highly resistant to moisture
